PROGRESS REPORT

We, Young and Baker received a call from Mr. Hilligiest who is the father of one of the boys killed in the mass murder. He stated that he had some information that might aid in the investigation of these cases.

Mr. Hilligiest stated that he had heard of the cab driver that had been arrested near a school in the Heights area and this subject was named EDWARD JAMES ALLEN WM. This subject is known by Mr. Hilligiest because about a year ago he had found out about Mr. Allen and that he ~~was~~ messing with the kids in the area and he knew a white boy named BILLY COULSON and also another subject THAT WAS KILLED...MALLY WINKLE had been seen with Allen. He added that this information had been passed to missing persons and also he had discussed this with Neal Mathews of the sheriffs dept. and he thought the subject Allen would be placed under watch as he thinks that Allen does know something about the mass murders or could add something that would help in some way.

Another name was mentioned by Mr. Hilligiest and this was MIKE PUTMAN who was supposed to have lived with Allen at one time. One day Mr. Hilligiest dropped in to talk to Mr. Allen and a WM who was young and slender came out of the house and Mr. Allen told him that it was CARL and was his son and yet another time Mr. Allen said his son had been dead twenty years. Mr. ALLEN IS KNOWN AS MR. ED to some of the boys that know him. MALLY WINKLE was mention again because he was seen around Mr. Allen after Billy Lawrence had been found missing. ALLEN also knew the Scott boys and used to take them fishing.

Another time Mr. Hilligiest was talking to Mr. Allen or it was the time he mentions above ...he saw Mark Scott get into a car and leave with two WM subjects and the vehicle was a GTX and the lic was 1972 Tex lic and the number was PMP 724. This number was not available on NCIC but this number listed here can be called later and this checked out as during the investigation HENLEY told Young that several of the bodies were transported in a GTX and it belonged to Dean Corll. The tel number is 512- GL2 8111. (Sent Radio-gram to Austin, Texas)

Mr. Hilligiest was told that this would be checked out and he can be reached on city extension # 4485.

Sir:

On February 5, 1974, W.H. Hubbell, from the Harris County District Attorney's Office, submitted a sample of $\frac{1}{2}$ inch rope obtained from the Houston Lighting and Power Company.

Examination of this rope reveals it to have similar chemical and physical characteristics to that rope found at 2020 Lamar and to that rope recovered from 4500 Silverbell, grave #3.

PROGRESS REPORT

We, Young, Paulk and Porter, continued this investigation after discussing this matter with Lt. B. Porter.

JULY 29, 1974, Officer R.J. McCLELLAND on unit 1020, came to the Homicide office and related the following to Det Young. Officer McClelland had been told by an Attorney and Realtor named MR. JOHN T. PIRELE of 721 East 11th., that the Father of David Brooks was attempting to sell the old family home. This property consists of a rather large piece of property, a nice house and there is a lake at the rear of this house. This is located on Gardendale st here in Houston, Texas. The asking price is supposed to be around \$80,000.00. Also the deal that made the real estate man tell the officer because he thought it strange was the fact that Mr. Brooks now has asked the real estate people to have a co that he (Mr Brooks) has already checked with come out and for 50 cents a sq yard have the lake filled in and covered over. Mr. Brooks is supposed to be the Trustee also for the estate of the Grandparents of David Brooks as they were killed in a traffic accident some years ago. How many years is unknown. The officer also mentioned that this lake is stocked with fish and in years past that kids in that area fished and swam in the lake.

JULY 30, 1974, Dets Young, Paulk and Porter, left the office and went to the area of the lake mentioned above. It was found to be just about as the officer had related. The exact address of the House was found to be 1137 and the name on the mailbox was noted as H.M. BROOKS. Gardendale at this location runs East and West and is a dead end at both ends. At the West end the st ended and there is a Cul D Sac and the house sits just off the end of the circle. The front yard was freshly mowed and a fence closed off the rear yard from the front. There was a sign in the front yard with: FOR SALE, 467-6900, ED DUQUETTE AND CO. REALTORS. In the rear was found a large back yard and in a well fenced area there was a lake at the far rear of this house. This lake appeared to be stocked as fish were seen to jump several times and the water seemed fairly clean. There is a high fence completely around the lake and there is wire on the inside of the fence and at the bottom thus sealing it somewhat. The only entry and exit is through the fence on the house side through a double gate. There was also noticed a fountain like object floating in the water that had lights mounted in it. There was nothing visible that would indicate that this lake and house would play any part in the murders investigated.

PROGRESS REPORT DATED July 30, 1974 page two

While at the location of the lake, Det Young took several photos and will retain them. Also at the time that Officer McClelland brought the information to the office there was a diagram and some notes made and this is attached to this report.

Det Porter attempted to call Mr. ^Drooks and he was not in this AM. He is supposed to return Porter's call later.
